

GAMCO

Thermal TD350 & FG451IS

Introducing Gamco's New Thermal Door (TD350) and Isothermal Storefront (FG451IS)

We are pleased to announce our new Thermal Door (TD350) and Isothermal Storefront Framing system (FG451IS), available now in black-paint or clear anodized finish with a projected lead time of 4 weeks! Contact a sales representative today for more details or to order.

TD350 Thermal Door

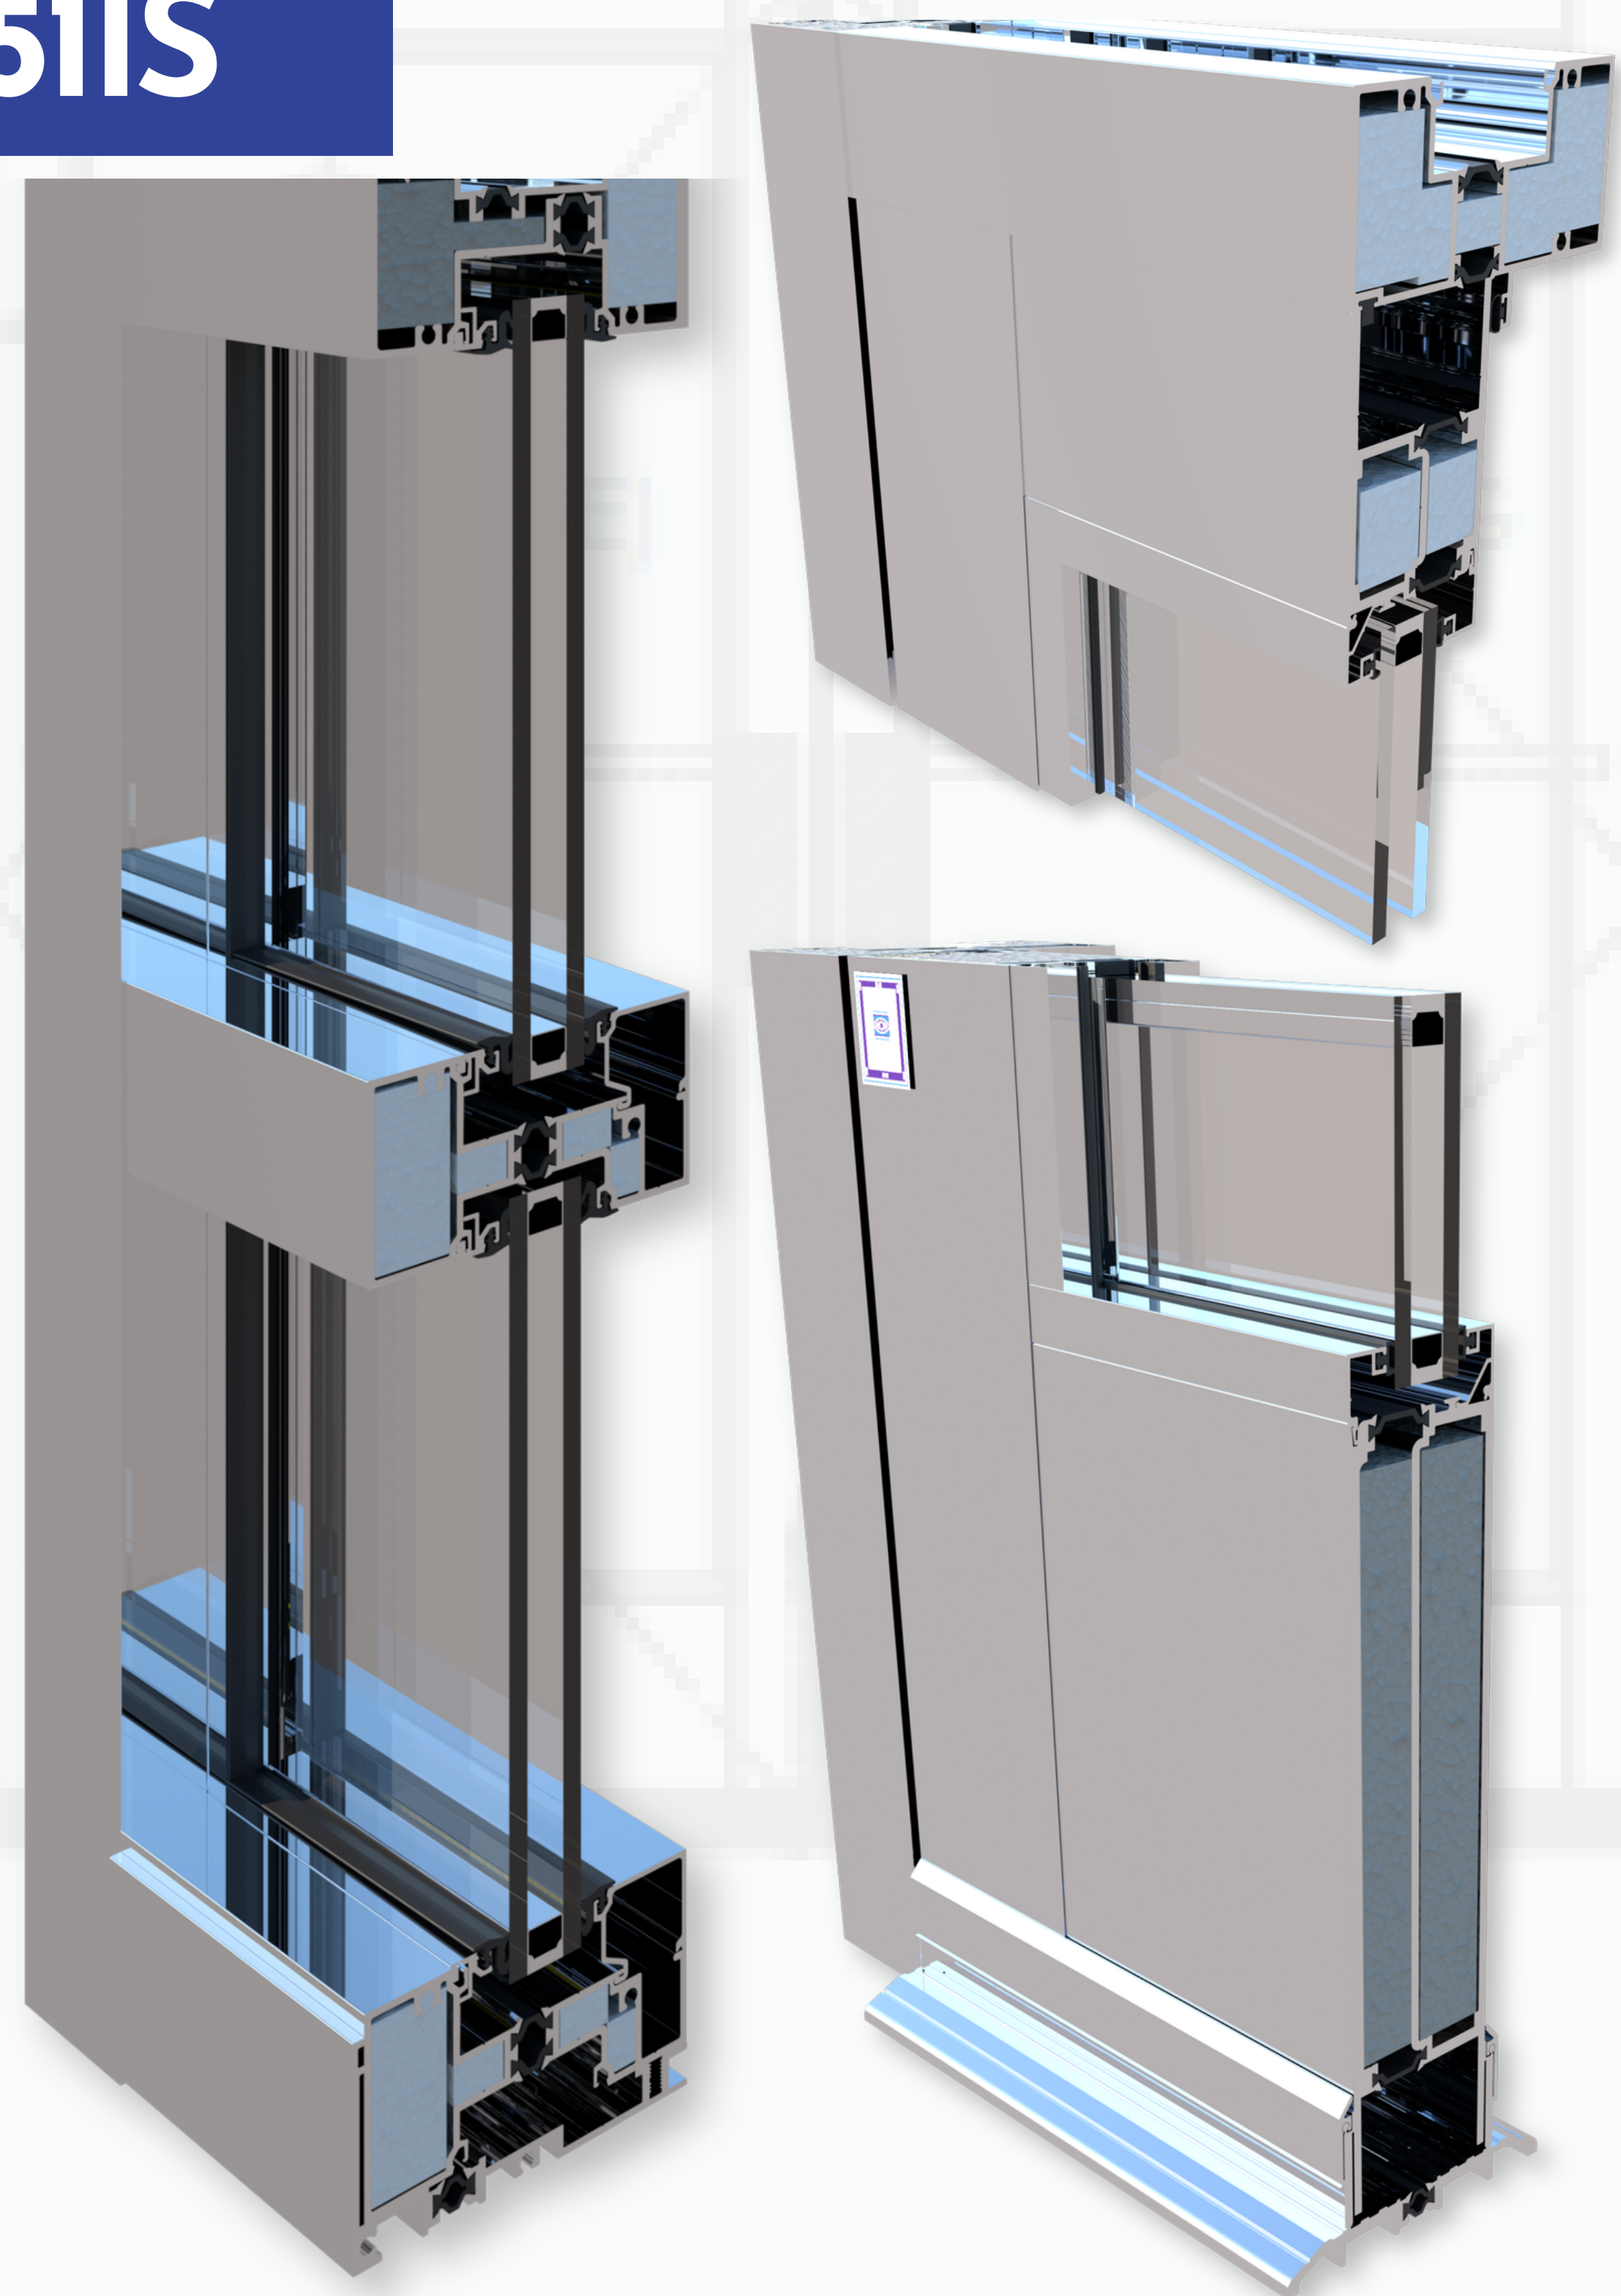

Thermal Performance: 0.41
OITC (Acoustic): 34

FG451IS Isothermal Frame

Thermal Performance: 0.32*
OITC (Acoustic): 31

under AAMA 1503

*Performance may vary according to glass options

- Door Profile = 2-3/8"
- Frame Profile = 2-1/4" x 4-1/2"
- TD350: 3-1/2" top and vertical stiles, 10" bottom rail
- TD350: thermally broken threshold - 4-1/4" wide at 1/2" height
- FG451IS: thermally broken sub-sill w/ water channel
- "Ensinger Insul-Bar" thermally-broken
- Accepts either 1" or 1-3/8" overall IGs
- Options for greater acoustic and thermal performance (glass, foam)
- Black-paint or clear anodized finish
